Career Objective

Enthusiastic Frontend Developer with an ECE background, applying strong analytical and problem-solving skills to build intuitive web applications. Proficient in modern web technologies like React, Bootstrap JavaScript, HTML,   and CSS eager to create seamless user experiences.

Education

1) Narula Institute of Technology , Kolkata, West Bengal   (Oct, 2021 - July 2025)

   Stream - Electronics & Communication Engineering | Grade - 8.25 /10

2) Rishra Vidyapith   Rishra,West Bengal   (Aug,2018 - July,2020)

   Stream - PCM | Grade - 80 %

Projects

1) My Personal Portfolio

I created an interactive and mobile-friendly personal portfolio to showcase my projects and skills. Through this project, I explored new design ideas, improved my coding skills, and gained a better understanding of frontend development.

2) Figma to Code

Converted a detailed Figma design into a fully responsive landing page using HTML, CSS, and Bootstrap. Focused on pixel-perfect implementation and cross-browser compatibility

3)Two-Player Game: Winner Display

Developed a two-player game showcasing game logic and state management. The project includes a dynamic winner display page, highlighting JavaScript DOM manipulation and event handling.
